03/26/2020

Dear Parents, Guardians and Care Providers,

We miss your students so very much and cannot wait until we are back in session! 😊

Currently the school closure order is scheduled until **April 30, 2020**. As you are aware, this is an evolving situation that we are monitoring closely. We will forward updated information once we know if the order will be lifted (students can return to school) or extended (school remains closed).

During this closure, we are providing curriculum for your students. Teachers have prepped curriculum for the weeks of 04/06/20 – 05/08/20. The week of 03/30/20 - 04/03/20 is our scheduled Spring Break. If the order is extended and school remains closed, we will provide more curriculum at that time.

We have also provided all students access to our online reading and math support programs. Individual login information is included in your student's packet. These programs can be utilized as an enhancement. It is not required that your student access these programs, but this may help to break up the day and is a good resource for skill building. These programs also adjust for your student's individual learning level.

For Lexia, students are either enrolled in Core5 (Gr. PreK-5) or Lexia Strategies (Gr. 6+). If your student is enrolled in our Specialized Classes, your student will access Core5 regardless of grade level. Websites are noted below. If you do not have the hardware to access these programs but would like to, please contact me at atheneb@oakgrovecenter.org or (951) 677-5599 x2248 and we will work with our Districts to see if anything can be provided to assist in this area.

IXL Math Program – www.ixl.com

Lexia Reading Program – www.lexialearning.com

Teachers will be contacting parents, guardians, care givers, and / or dorm staff members to set up weekly times to provide instruction and / or guidance related to the curriculum provided. Please utilize these check-in sessions to get all of your questions answered. We work with a very specialized population of students and want to make sure that you receive the support you need as we provide this unique learning experience for our students. We are aware that having your student sit for a 6.5 hour school day in the home setting would not be feasible. Please allow your students to work at their own pace. Students should attempt to complete at least 1 assignment in each subject area provided per day if possible. Our goal is to keep our students engaged in some form of learning during this closure, not to cause any form of escalation within the home setting. Individual letters from your student's Teacher are also included in the packet with more specific details related to completion rates based on the classroom population served. These letters include the contact information for your student's Teacher. If you have any questions or concerns, please do not hesitate to contact them.

We will continue to provide therapeutic services during this closure as follows:

Our Day Therapists will be continuing to provide Individual Therapy for our Day Students 30 minutes per week (or longer if specified differently in the IEP). Our Autism Program Students will be provided case management / behavior strategy guidance 30 minutes per week (or longer if specified differently in the IEP). Your student's Therapist / Case Manager will be calling to set up a scheduled time to meet with your student remotely (via phone or video conferencing) to provide the Individual Therapy as specified in the student's IEP. We are sending home a TELEMEDICINE / TELEHEALTH INFORMED CONSENT document in order to provide these services through these electronic means. Please review and return a signed copy to your student's Therapist / Case Manager if you are agreeable. We will not be providing our school based group counseling services while the school is closed.

Our Residential Therapists will be continuing to provide Individual, Group and Family therapy during this closure as specified in the student's IEP. Individual and Group services may be in person as the students are still in the residential program. Family therapy may be provided distantly to avoid potential exposure. Your student's therapist will be continuing to provide you with updates related to any changes that may occur.

We also included some resources related to coping skills, changing thought patterns, etc. Please feel free to utilize any of these resources with your students. We included different levels so that you may choose the resource that works best.

If your student received Language and Speech or Occupational Therapy, our DIS service providers will be contacting you to determine the best way to remotely provide these services for your student.

Ms. Judy (JWS classroom 15) has created a YouTube channel that you can visit to view story read-alouds and other learning activities. You can access this channel by typing the following into the search engine: https://www.youtube.com/UCSKbaPMzRCmm_vmORfwpeqw

Or, search for Around the Word with Mrs. O'Barr and subscribe to the channel. We will also have a link to the channel on our webpage www.oakgrovecenter.org

We know that this can be overwhelming and are here to support you and your student during this time.

We wish you all the best and hope that you remain in good health. We hope to see you soon!

Sincerely,

Athene Banche

Athene Banche, M.Ed.
